

Guía Oracle Live SQL

Puede ingresar en la página de Oracle Live SQL 2 (<https://livesql.oracle.com/>), con o sin usuario; si emplea su usuario, podrá registrar el avance de su práctica y otras ventajas:

Al ingresar aparecen unas descripciones de cada elemento de la interfaz:

The screenshot shows the Oracle Live SQL interface. In the center, a dialog box titled "2 Run Statement" is displayed. It contains the text: "Executes the SQL statement at the text cursor. The SQL statements can include bind variables and substitution variables." Below the text are "Back" and "Next" buttons. The background shows the SQL Worksheet with the following code:

```
1 select *
2 from hr.employees
```

The left sidebar shows the Navigator with "Human Resources (HR)" selected. The right sidebar shows the Library with "Introduction to SQL" and "SQL Macros - Creating parameterise..." listed.

The screenshot shows the Oracle Live SQL interface. A dialog box titled "3 Query Results" is displayed, stating: "Displays the results of the most recent Run Statement operation." Below the dialog box, the query results are shown in a table. The table has columns: EMPLOYEE_ID, FIRST_NAME, LAST_NAME, and EMAIL. The results are as follows:

	EMPLOYEE_ID	FIRST_NAME	LAST_NAME	EMAIL
1	100	Steven	King	SKING
2	101	Neena	Yang	NYANG
3	102	Lex	Garcia	LGARCIA
4	103	Alexander	James	AJAMES
5	104	Bruce	Miller	BMILLER

The background shows the same SQL Worksheet and Library as the previous screenshot.

The screenshot shows the Oracle Live SQL interface. A dialog box titled "4 Data Grid" is displayed. It contains the text: "Right-click the grid to access advanced functionality such as manage and sort columns, count rows, view single records, and export data." Below the text are "Back" and "Next" buttons. The background shows the SQL Worksheet with the same code as before, and the query results table is visible below it.

The screenshot shows the Oracle Live SQL interface. On the left is a Navigator pane with a tree view of database objects under 'Human Resources (HR)', including tables like HR.COUNTRIES, HR.DEPARTMENTS, HR.EMPLOYEES, HR.JOBS, HR.JOB_HISTORY, HR.LOCATIONS, and HR.REGIONS. The main editor area contains a SQL worksheet with the following code:

```
1 SELECT *
2 FROM hr.employees
```

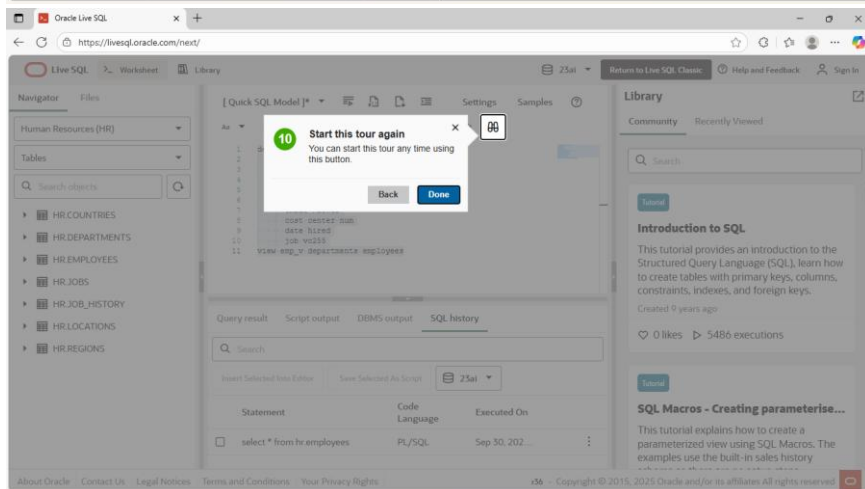

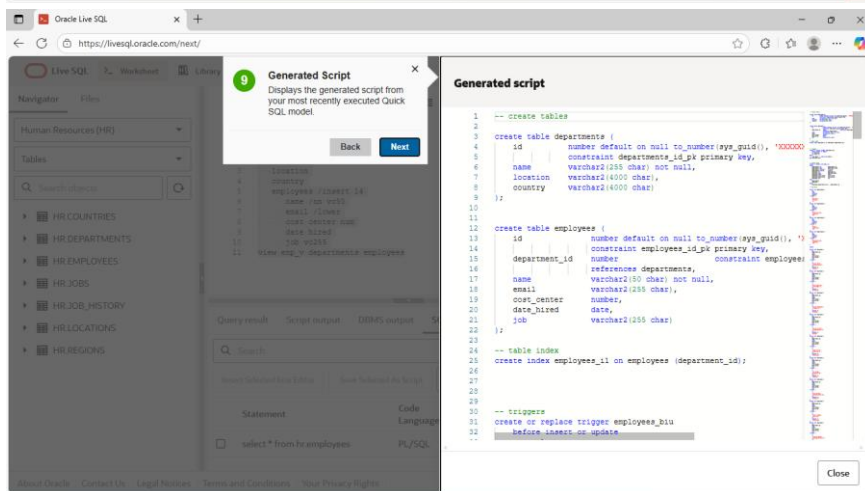

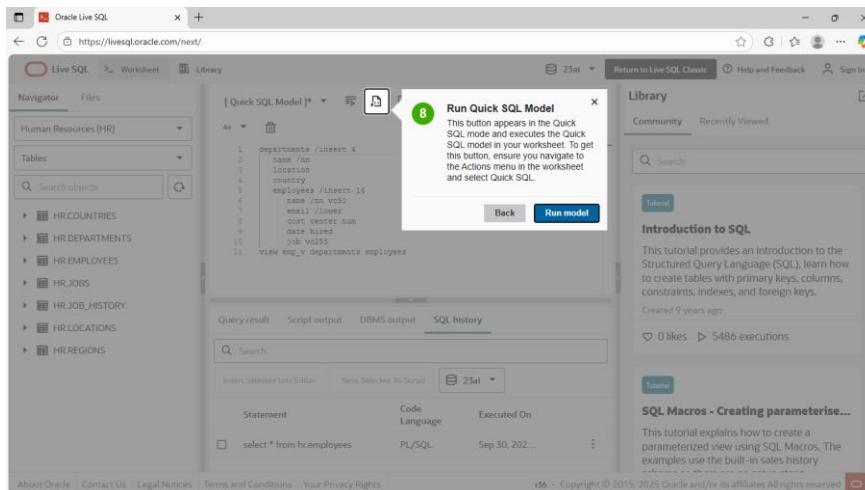

Below the editor is a toolbar with buttons for 'Query result', 'Script output', 'DBMS output', 'Explain Plan', and 'SQL history'. The 'SQL history' button is highlighted. A search bar is present above the history table. The history table has columns for 'Statement', 'Code Language', and 'Executed On'. It contains one entry:

Statement	Code Language	Executed On
select * from hr.employees	PL/SQL	Sep 30, 202...

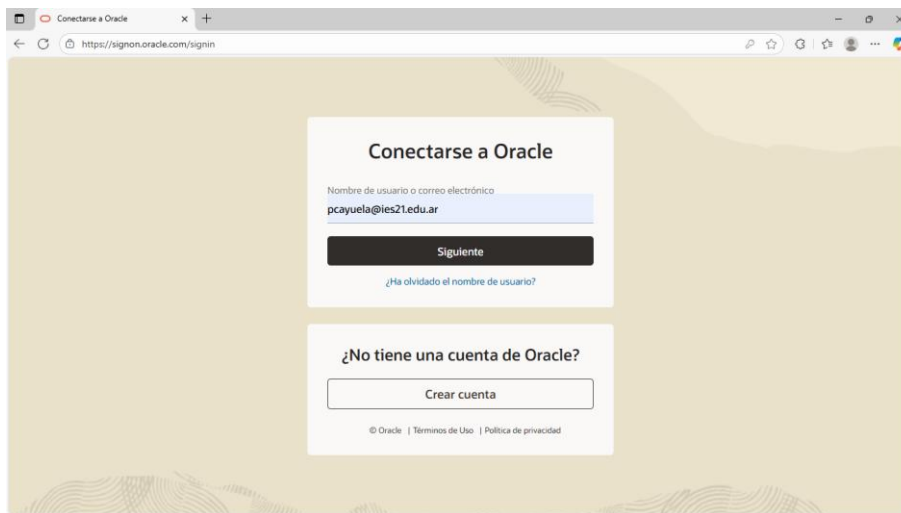

On the right side, there is a 'Library' pane with a search bar and two tutorial cards: 'Introduction to SQL' and 'SQL Macros - Creating parameterise...'. A modal window titled 'SQL History' is overlaid on the right, displaying the text: 'Displays a running history of statements and scripts executed.' with 'Back' and 'Next' buttons.

This screenshot shows the same Oracle Live SQL interface as the first one. The 'SQL history' button in the toolbar is now highlighted with a green circle and a number '6'. A modal window titled 'Format SQL' is overlaid on the right, with the text: 'Formats the SQL statements in the editor, such as capitalizing the names of statements, clauses, keywords, and adding line breaks and indentation.' It also has 'Back' and 'Next' buttons.

This screenshot shows the Oracle Live SQL interface with the 'SQL history' button highlighted by a green circle and a number '7'. A modal window titled 'Learn SQL with tutorial' is overlaid on the right, containing the text: 'Learn SQL with tutorials or scripts that are created and published by creators from SQL community.' It includes 'Back' and 'Next' buttons. The background interface remains the same, showing the SQL editor, toolbar, and Library pane.

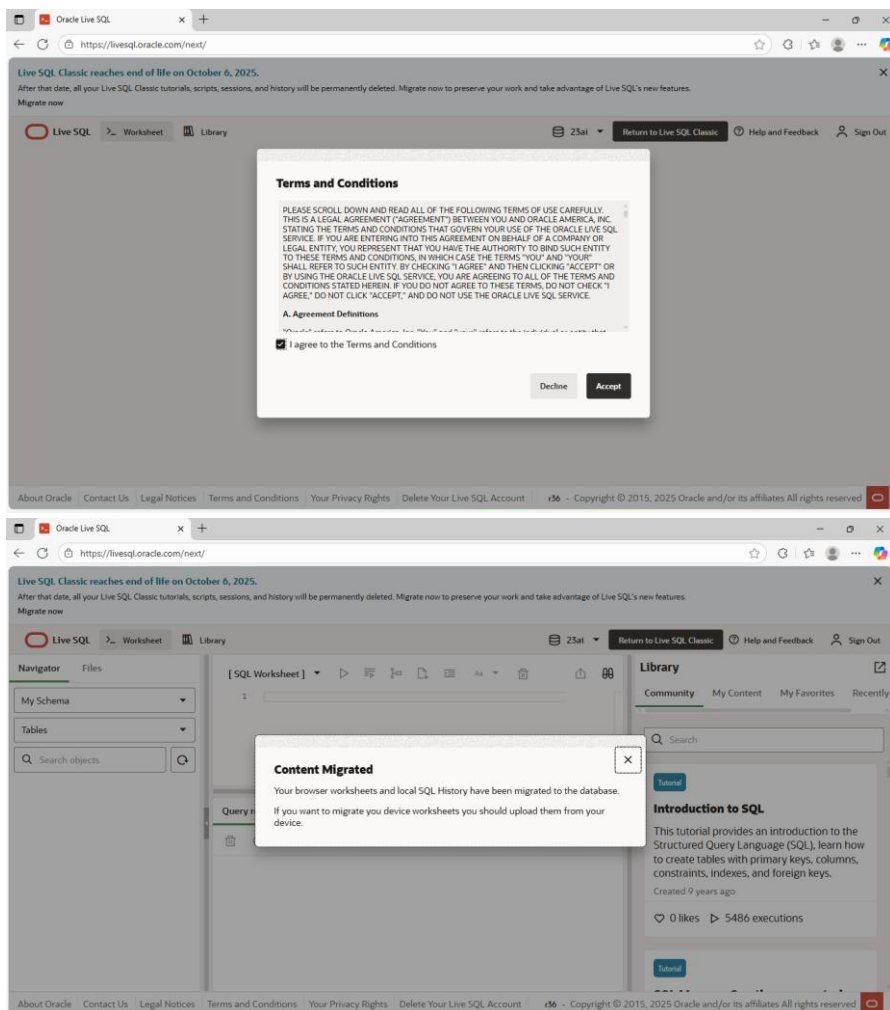

Si ingresa en Sign In, podrá registrarse con su usuario para que toda su actividad quede en el historial:

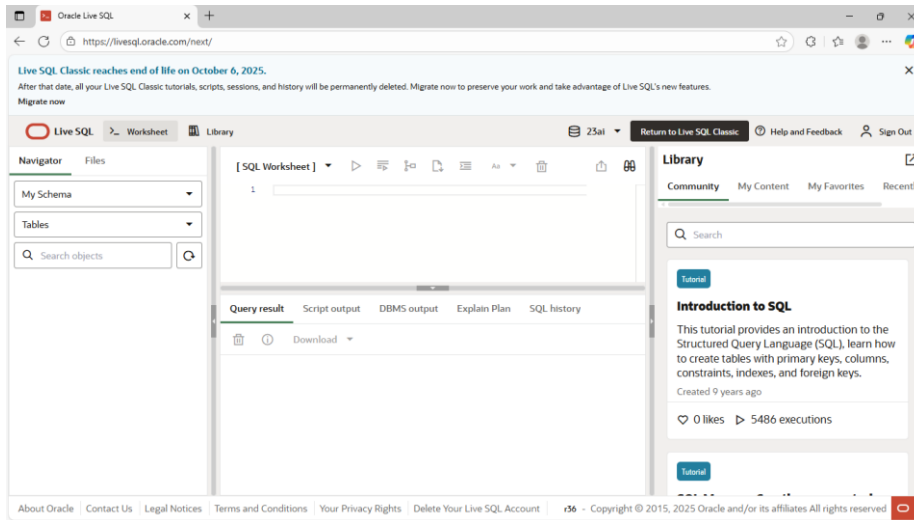

The screenshot shows the Oracle Live SQL sign-in page. The browser address bar displays 'https://signon.oracle.com/signin'. The main heading is 'Conectarse a Oracle'. Below it, there is a text input field for 'Nombre de usuario o correo electrónico' with the value 'pcayuela@ies21edu.ar'. A 'Siguiente' button is positioned below the input field. A link '¿Ha olvidado el nombre de usuario?' is located below the button. Further down, the text '¿No tiene una cuenta de Oracle?' is followed by a 'Crear cuenta' button. At the bottom, there are links for '© Oracle', 'Términos de Uso', and 'Política de privacidad'.

Primer ingreso:

The first screenshot shows the Oracle Live SQL interface after login. A banner at the top states 'Live SQL Classic reaches end of life on October 6, 2025.' Below the banner, a 'Terms and Conditions' dialog box is displayed. The dialog contains the text: 'PLEASE SCROLL DOWN AND READ ALL OF THE FOLLOWING TERMS OF USE CAREFULLY. THIS IS A LEGAL AGREEMENT ("AGREEMENT") BETWEEN YOU AND ORACLE AMERICA, INC. STATING THE TERMS AND CONDITIONS THAT GOVERN YOUR USE OF THE ORACLE LIVE SQL SERVICE. IF YOU ARE ENTERING INTO THIS AGREEMENT ON BEHALF OF A COMPANY OR LEGAL ENTITY, YOU REPRESENT THAT YOU HAVE THE AUTHORITY TO BIND SUCH ENTITY TO THESE TERMS AND CONDITIONS, IN WHICH CASE THE TERMS "YOU" AND "YOUR" SHALL REFER TO SUCH ENTITY. BY CHECKING "I AGREE" AND THEN CLICKING "ACCEPT" OR BY USING THE ORACLE LIVE SQL SERVICE, YOU ARE AGREEING TO ALL OF THE TERMS AND CONDITIONS STATED HEREIN. IF YOU DO NOT AGREE TO THESE TERMS, DO NOT CHECK "I AGREE," DO NOT CLICK "ACCEPT," AND DO NOT USE THE ORACLE LIVE SQL SERVICE.' Below this text, there is a section 'A. Agreement Definitions' and a checkbox 'I agree to the Terms and Conditions' which is checked. 'Decline' and 'Accept' buttons are at the bottom of the dialog. The background shows the Oracle Live SQL interface with a 'Return to Live SQL Classic' button and a 'Sign Out' link.

The second screenshot shows the Oracle Live SQL interface after the 'Terms and Conditions' dialog has been accepted. A 'Content Migrated' dialog box is displayed, stating: 'Your browser worksheets and local SQL History have been migrated to the database. If you want to migrate your device worksheets you should upload them from your device.' The background shows the Oracle Live SQL interface with a 'Return to Live SQL Classic' button and a 'Sign Out' link. The interface includes a 'Navigator' panel on the left, a 'Files' panel, a 'SQL Worksheet' editor, and a 'Library' panel on the right.

Listo para practicar SQL.
